Please Do Not Handle The Flowers

**THE TRIAL GROUNDS**

Here we make final test before placing varieties in our catalog of **WORLD'S BEST DAHLIAS**. Here, also every dahlia lover can see the comparative merits of the different varieties, grown in the open field, under the same conditions and treatment. This gives every one a chance to select just the varieties they desire most, as they see them growing naturally; the plant, stem, foliage, form, coloring and comparative size. We do not force our dahlias, as this would impair the vitality of the the roots.

**GUARANTEE:** You run no risk in placing an order with us, as we give a full and complete guarantee, that every root shall reach purchaser in good condition, be absolutely true to name, and prove entirely satisfactory; we cheerfully replace any that should prove otherwise. We cordially invite all to visit Dahlialand and see the World's Best Dahlias, at their home.

**PLEASE DO NOT HANDLE FLOWERS**

It not only damages the petals, but the very finest blooms are snapped off and we do not want any of our visitors to miss seeing the best.

Thank you.

**TERMS.** Cash with order. Remittances may be made by Bank Draft, Post Office or Express Money Order, at our expense and risk.

Dahlia roots and plants are sent by mail, post-paid at prices named herein.

Address all orders and communications to
